IMPORTANT I-4 ULTIMATE INFORMATION FOR THE COLLEGE PARK AREA

As part of the I-4 Ultimate improvement project, the Florida Department of Transportation will reroute traffic on Formosa Avenue at Minnesota Avenue so drivers will not travel underneath I-4 during construction. The north end of Midiron Drive at Minnesota Avenue will close during construction due to the proximity of the realigned Formosa Avenue. This work will be done in stages, and signs along the roadway will clearly guide drivers to the new route.

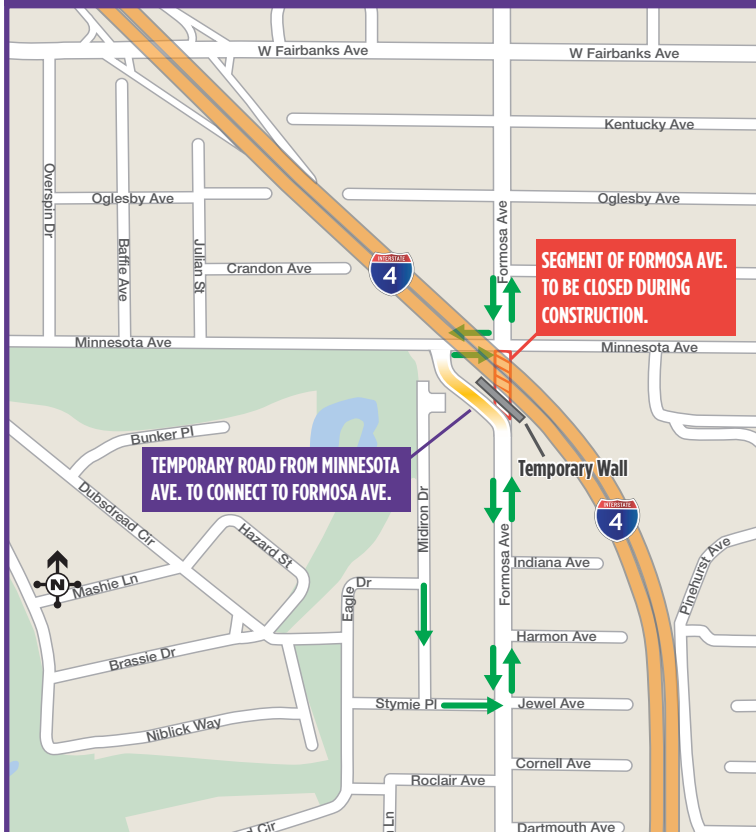

Stage One - May 2015

NORTH END OF MIDIRON DRIVE CLOSED DURING CONSTRUCTION. NO TURNS TO OR FROM MINNESOTA AVE.

The north end of Midiron Drive at Minnesota Avenue will be closed. No other roads or intersections will be altered by the project in the neighborhood. Residents may instead enter and exit the neighborhood from Minnesota Avenue at Formosa Avenue. The intersection of Minnesota Avenue and Midiron Drive will be reopened when work is complete. This may take several years.

Stage Two - Summer 2015

SEGMENT OF FORMOSA AVE. TO BE CLOSED DURING CONSTRUCTION.

TEMPORARY ROAD FROM MINNESOTA AVE. TO CONNECT TO FORMOSA AVE.

The portion of Formosa Avenue underneath I-4 will be closed so construction can occur on the interstate above. At the same time, a temporary realignment of Formosa Avenue will open just west of I-4. Residents will continue to travel to and from Minnesota Avenue on this new section of Formosa Avenue. Formosa Avenue will be returned to its original path underneath I-4 when the work is complete. This may take several years.
